

**FINANCIAL AID OFFICE
GRADUATE STUDENT FORM
2009-2010**

You indicated on your 2009-2010 Free Application for Federal Student Aid (FAFSA) that, during the 2009-2010 school year, you will be working on a master's or doctorate program. GRCC does not offer classes that are acceptable towards these programs. Therefore, you cannot be a graduate student at GRCC and cannot be considered for financial aid.

If you answered this question incorrectly or you will be attending GRCC during the 2009-2010 school year and want to be considered for financial aid, the answer to this question must be changed to No.

If you complete and return this form to the GRCC Financial Aid Office, we will change your answer to this question on your financial aid application to No.

You should be aware that sometimes a change to No will change your dependency status to dependent. If this applies to you, you will be required to complete the parent section of the Free Application for Federal Student Aid (FAFSA).

I certify that during the 2009-2010 school year, I will NOT be working on a master's or doctorate program. Please make this correction to my 2009-2010 financial aid application.
