

FACILITY NAME AND SITE ADDRESS:

ISSUED: 10/31/94

FOR EMERGENCY CALL:

Magic American Corporation
23700 Mercantile Road
Cleveland, Ohio 44122-5955

Magic American Corp.
M-F, 9-5 EST
1-800-321-6330

CHEMTEL
M-F, After 5 pm EST; Sat-Sun.
1-800-255-3924

SECTION 1

PRODUCT IDENTIFICATION

IDENTITY: GOO-GONE STAIN REMOVER
CHEMICAL FAMILY: NA
SYNONYM: NA

DEPARTMENT OF TRANSPORTATION (DOT) INFORMATION:

DOT SHIPPING NAME: Petroleum Distillates, n.o.s.
DOT HAZARD CLASS: 3
DOT IDENTIFICATION NUMBER: UN 1268
DOT Packing Group: III
DOT Label: Flammable liquid
IMO/IMDG: See DOT
IACO/IATA: See DOT
WHIMS Label requirements: NA*

*Consumer products packaged in their consumer containers are exempt from the WHIMS labeling requirement.

SECTION 2

COMPOSITION

INGREDIENTS:

Proprietary Mixture of
Petroleum Naphthas and Citrus
Oils

CAS NUMBER:
NA

CONTENT %:
100

ACGIH-TLV:
NA

TOXICOLOGY:

Oral LD₅₀ rat > 5 g/kg

SECTION 3

CHEMICAL AND PHYSICAL PROPERTIES

APPEARANCE: Orange-yellow colored liquid

ODOR: Faint citrus

SOLUBILITY IN WATER: Miscible

pH: 5.7

STABILITY: Stable

INCOMPATIBLE REACTIVITY: NA

POLYMERIZATION: Will not undergo hazardous polymerization

BOILING POINT: NA

MELTING POINT: NA

EVAPORATION RATE (ASTM D1901-85): Negligible

VAPOR PRESSURE: 43.7 mmHg

SPECIFIC GRAVITY: 0.764 g/ml

SECTION 4**FIRE AND EXPLOSION DATA**

FLAMMABLE LIMITS: NA
FLASHPOINT: 56°C (133°F) (Pensky-Maartens closed cup)
EXPLOSIVE: NA
COMBUSTIBLE: Yes*

PRODUCT DECOMPOSITION DUE TO
FIRE OR EXPLOSION: NA
OXIDATION: Not an oxidizer

* Designated as combustible according to the Consumer Product Safety Commission classification system, however, under DOT regulations (see Section 1) this material is designated as flammable.

SPECIAL FIRE FIGHTING PROCEDURES: Extinguishing media: Foam, dry chemical, carbon dioxide, and water spray or fog. Use self-contained breathing apparatus for respiratory protection in enclosed areas when fighting a fire or when heated material becomes highly flammable.

SECTION 5**TOXICITY**

LISTED CARCINOGEN COMPONENT: NA TOXICOLOGY: NA

ROUTE OF ENTRY: NA

SECTION 6**HEALTH EFFECTS AND FIRST AID**

INHALATION: Not expected to be an inhalation hazard.

INGESTION: According to the Federal Hazardous Substance Act testing protocol 16 CFR 1500.3 (2), this product was shown to be non-toxic by the oral route of exposure. This material is not considered an ingestion hazard. However this product does contain petroleum distillates and is an aspiration hazard. This material can enter the lungs during swallowing or vomiting and cause lung inflammation and damage. Therefore, do not induce vomiting if ingestion occurs and seek medical attention immediately.

EYES: According to the Federal Hazardous Substance Act testing protocol 16 CFR 1500.42, this product was shown not to be an eye irritant in laboratory tests. Therefore, this material is not considered an eye irritant.

SKIN: According to the Federal Hazardous Substance Act testing protocol 16 CFR 1500.41, this product was shown not to be a primary skin irritant in laboratory tests. An additional skin irritation test which more closely mimics human exposure also found this product not to be a primary skin irritant. However, avoid excessive and prolonged daily skin contact. If irritation does occur, wash with soap and water. Seek medical attention if irritation persists.

LONG-TERM EFFECTS: No long term effects expected.

SECTION 7**PRECAUTIONS FOR SAFE HANDLING**

HANDLING: Keep away from oxidizing materials (i.e. chlorine, strong acids)

STORAGE: Store in a cool, clean, well ventilated area. Store away from open flame or devices capable of generating an electric spark.

SPILLS: Spilled material can be picked up with sorbant material. Follow proper methods for the disposal of large quantities of flammable materials. Use caution where surfaces may become slippery from spilled material.

SECTION 8**CONTROL MEASURES**

EYE PROTECTION: Under normal use and handling conditions, eye protection is not needed. Splash goggles are recommended where usage creates significant splashing.

HAND PROTECTION: Chemically resistant gloves (non-disposable) are recommended for prolonged use.

RESPIRATORY PROTECTION: This product is not expected to be an inhalation hazard. In areas of inadequate ventilation, organic vapor cartridges are appropriate if respirator protection is preferred by the handler.

OTHER PROTECTION: NA

SECTION 9**NEPA CLASSIFICATION**

Fire Hazard - 2, Flash point 200°F or below
Health Hazard - 0, Not harmful
Reactivity - 0, Stable

SECTION 10**DOCUMENTATION**

HSDB: Hazardous Substance Data Bank
RTECS: Registry of Toxic Effects of Chemical Substances
Sax's Dangerous Properties of Industrial Materials, 8th ed., (R.J. Lewis, Sr., ed.)
The Merck Index, 11th ed.
Chemical Labeling: An Inter-agency Guide to Compliance, I.J. Keller & Assoc., Inc.

SECTION 11**REGULATORY INFORMATION**

All ingredients used in this proprietary mixture are listed on the TSCA Inventory List.
This product and its ingredients are not regulated under SARA Title III regulations.

This MSDS is provided solely for information purposes and no warranty or responsibility is extended even though reasonable precautions have been taken in the preparation of the data contained for this material. To the best of my knowledge this MSDS describes the material listed in Section 1.
