

# GRCC Construction Update

ONE LANE  
ROAD  
AHEAD

DETOUR

Lyon street is currently under construction until Friday, September 19, 2008 between Lafayette and Ransom. It will be open to car traffic but will be very congested. We strongly recommend students and employees use other entry points to campus.

- 1) From the North – enter campus from Michigan to Bostwick
- 2) From the South or East – enter campus from Fulton to Ransom
- 3) From the West – enter campus from Division to Fountain

Students should consider alternative programs to travel to campus and park. There are several quick, convenient and affordable programs.

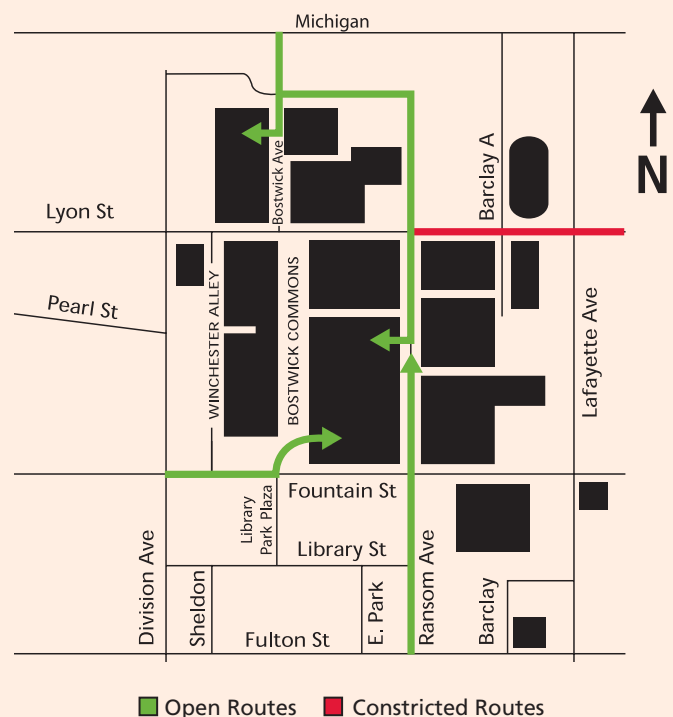

**DASH** - \$150.00 per semester plus a \$20 refundable deposit. Continuous shuttle service from an off campus lot to and from GRCC. Never have to wait in the parking line again!

Sign up at [www.grcc.edu/emarketplace](http://www.grcc.edu/emarketplace)

**Greenride** – Carpool! Be green, save money, and reduce the number of cars on campus. Visit [www.grcc.edu/greenride](http://www.grcc.edu/greenride) to sign up.

*Please turn over for more information on parking and access. Construction updates please visit [www.grcc.edu/construction](http://www.grcc.edu/construction)*

## GRCC Campus

**DASH shuttle update** – (Dash to the Hill) pick up and drop off for GRCC will be located at the corner of Michigan and Bostwick (in front of the Van Andel Institute) until Friday, September 19, 2008. It will then return to its original location on Lyon Street in front of the Ford Field House.

**Ride Your Bike** – For those riding to campus use bike racks listed below to secure your bike. A higher grade bike lock to secure your bike is recommended.

**Bus Service** – The Rapid, line #6 will not travel on Lyon Street at this time. When traveling from campus Northbound to the transit center the pick up for the #6 line will be at the Northwest corner of Ottawa and Lyon. Alternatively, students may choose to pick up the #9 line at the Northwest corner of Fountain and Division (in front of Kendall College) to the transit center. The #6 line will resume its normal route on Monday, September 22nd.

## Bike Rack Locations

---

- Lyon Ramp - Inside ramp near staff exit, level 1, south end
- Bostwick Commons - South end of commons
- Bostwick Ramp - Northwest corner of level 2 (at grade) just off Bostwick Commons
- Tassell M-TEC - Near main entrance
- Applied Tech. Center - South side, near Fountain St. entrance
- Music Center - Front entrance, near Ransom
- Learning Center - Front entrance, near Ransom
- Student Center - Level 3 entrance, near Ransom/Lyon intersection
- Calkins Science Center - Near level one entrance, SW corner of building

**Motorcycle Parking** - Only available in the Bostwick Ramp. You must enter and exit on the first level (off Fountain) through the designated areas. For questions please contact Campus Police at (616) 234-4010.

**Oversized Vehicles** - the overhead clearance for the Bostwick Ramp is 6' 4", and for the Lyon Ramp 7'. All oversized vehicles should park in the Barclay Lot (no clearance limit). Please note that parking is first come, first served.
