

## **If you are seeking employment assistance and/or access to job training options...Please plan to attend one of our weekly Open House & Informational Tours**

An Informational Open House and M-TEC Tour is available every Tuesday at 9:30 am, and every Thursday at 1:00 pm. During these weekly sessions you are given a tour of the facility; provided access to the MI Works ([www.michiganworks.com](http://www.michiganworks.com)) Service Center housed within the building; are welcome to visit any of the GRCC Job Training classes and meet the instructors; have a chance to see students working in each of the labs, ask questions of our Job Training staff and decide which training best fits your needs.

While in the building be sure to also take advantage of the wide-range of free employment services provided for unemployed or underemployed individuals by Michigan Works! Some of these services include career counseling, information on how to perform a successful job search, the use of computers to prepare resumes and actively search job postings on Michigan's largest online job bank, and access to a wide-range of employment and training information and resources.

Leslie E. Tassell Michigan Technical Education Center (M-TEC)
